DE PRESSE**

No.004 – 21<sup>st</sup> July 2017 – Accra, Ghana

## **ERERA Consultative Committees to Review New Documents for Regional Electricity Market**

The ERERA Consultative Committee of Regulators and its sister Committee of Operators will meet on 25<sup>th</sup> and 26<sup>th</sup> July in Accra, Ghana to review the Participation Agreement for the ECOWAS Regional Electricity Market and its accompanying Participation Form.

The Participation Agreement spells out the requirements for admission into the Regional Electricity Market and the obligations of the market participant (who may function as a generator, a distribution company, or as an eligible customer participating directly in the electricity market).

Members of the Committees are also expected to form two working groups on Legislation and Licensing as well as Pricing and Performance. These two groups will begin their work by dealing with documents relating to sanctions and wheeling tariffs, respectively.

These activities are part of ERERA's efforts at concluding arrangements for the launch of the regional power market before the end of the year.
